Volcano: Our first destination will be the famous volcano of Santorini!

After 20 minutes sailing, we will reach Nea Kameni's jetty. Then, you will walk to the volcano's ridge with your guide, and he is going to explain you everything about the history and the geology of the volcano. You will stay at the volcanic island for 1.5hr and in the end you will embark again to our boat for the next stop.

Hot Springs: Our next stop will be the island of Palea Kameni where the famous hot springs are located on the west side. A place that is popular for its thermal waters. We will stop there for 30min at 30 meters from the shallow waters of Agios Nicholas' beach. The waters are mixed with mud that they are full of sulfur, iron and other metals coming from the volcano and they are very good for the skin, rheumatism, arthritis, and other physical pains.

Thirassia: Next stop is the island of Thirassia.

Thirassia is a miniature of what Santorini used to be several years ago. Today is a virgin island, still untouched by tourism and modern lifestyle. We will stay there for 2 hours, to explore this picturesque and traditional village as well as to taste the authentic Santorinian cuisine. Should you wish, you can also walk at the main village of Manolas, which is the capital of Thirassia. The view over Santorini is spectacular from there.
